REPORT NO. 25X1X

1. A subterranean storage depot of an unidentified nature is located near Wrocław (Breslau). on the east bank of the Oder River. The spot is approximately at the junction of the Oder and Widawa Rivers.
2. An entrance guarded by a soldier was observed. Leading up to the entrance was a road which looked very much used and large enough to admit heavy trucks.
3. The area is posted with large signs on which skulls were painted and the warning that trespassing is strictly prohibited. Two curious civilians were apprehended in the area by a guard when they tried to investigate the nature of the installation. The guard escorted them out of the area and noted the documents which they were carrying.
